

Detailed program contributed sessions

Contributed Sessions I:

Tuesday 10:40 - 12:00

Development economics. Chair: Andreas Økland, NMBU

Room V-208

Monica Beeder, NHH

The effect of a supply shock in the production of cocaine on violence: Evidence from Colombia and Venezuela

Stein Holden, NMBU

The Predictive Power of Luck: Luck and Risk-Taking in a Repeated Risky Investment Game

Per Botolf Maurseth, BI

Globalization of Intellectual Property Rights

Andreas Økland, NMBU

Who Owns Offshore Real Estate? Evidence from Dubai

Environmental Economics. Chair: Sofie Skjeflo, CICERO

Room G-101

Cong Cao, NTNU

What is the effect of urban traffic volume and meteorological conditions on air pollution? Norwegian evidence using Machine Learning Approaches

Anna Birgitte Milford, NIBIO

Market gardening for sustainability, self-reliance and rural settlement

Dora Simon, UiS

Does International Trade Aggravate or Mitigate Climate Change? A Quantitative Analysis of the Green Economy

Sofie Skjeflo, CICERO

High public support in China, Egypt, Norway and the USA for policy instruments to reduce emissions from aviation

Experimental Economics I. Chair: Jean Paul Rabanal, UiS

Room G-201

Lenka Fiala, UiB

Information Design in One-Sided Matching Problems

Cloé Garnache, OsloMet

Stabilizing the electric grid with peak pricing: Evidence from a large-scale field experiment

Gorm Kipperberg, UiS

Conceptualizing the DCE researcher as a “choice architect.” - the importance of experimental variation in the experimental design

Jean Paul Rabanal, UiS

The effect of ETF indexing strategy on market efficiency

Industrial organization. Chair: Marina Rybalka, SSB

Room G-202

Gøril Andreassen, NMBU

Can combining tax and subsidy generate less public opposition than tax alone?

Johannes Mauritzen, NTNU

Boring Finance. Petroleum Exploration and the role of firms, competition and industry structure: Evidence from Norway

Trond E. Olsen, NHH

Balanced scorecards: a relational contract approach

Marina Rybalka, SSB

Innovation pattern heterogeneity, crisis resilience and agility

Labour economics I. Chair: Elin Svarstad, FAFO**Room V-101**

Drago Bergholt, Norges Bank

Macroeconomic Effects of the Gender Revolution

Xiaoguang Ling, UiO

Earning responses to inheritance, event-study evidence from Norway

Yuko Onozaka, UiS

Leadership Behavior and Team Performance

Elin Svarstad, Fafo

Do unions show solidarity in wage bargaining? Evidence from Norway

Macroeconomics I. Chair: Fredrik Wulfsberg, OsloMet**Room V-209**

Frida Bowe, Norges Bank

Cross-Check of Economic Forecasts

Jon Ellingsen, BI

The expectations channel of monetary policy: Evidence from Norwegian firms

Siri Valseeth, UiS

Security-constrained intermediaries

Fredrik Wulfsberg, OsloMet

Fiscal policy rules and the trade-off between sovereign wealth and economic stability

Macroeconomics II. Chair: Erling Røed Larsen, OsloMet**Room Ø-130**

Erika Christie Berle, UiS

Central bank communication and the impact on the yield curve. A deep learning approach to forecasting with text- and time-series data

Francesco Furlanetto, Norges Bank

Did Monetary Policy Kill the Phillips Curve? Some Simple Arithmetics

Karl Harmenberg, BI

The Unemployment-Risk Channel in Business-Cycle Fluctuations

Erling Røed Larsen, OsloMet

Is the housing market an inequality generator?

Contributed Sessions II:

Tuesday 13:00 - 14:20

Behavioural economics. Chair: Ole Christian Wasenden, NMBU

Room G-101

Simone Haeckl, UiS

Effects of Supportive Leadership Behaviors on Worker Satisfaction, Engagement and Performance: An Experimental Field Investigation

Sigve Tjøtta, UiB

Context and Preferences for Equality in the Spectator Game

Zsuzsanna Vadle, UiS

Classmates and Educational Decisions: The Role of Peers in Educational Aspirations and Student Achievement

Ole Christian Wasenden, NMBU

Information avoidance and privacy

Environmental/Resource economics. Chair: Haakon Wennemo, VA

Room G-201

Abinet Tilahun Aweke, NTNU

Large Carnivores vs Sheep: Households' Preferences for Land Use

Helge Berglann, NIBIO

Eliminating Competition in Fisheries Management: The Mediterranean case

Ragnar Tveterås, UiS

Does Output Restriction Improve Environmental Outcomes? Evidence from A Spatial Group Regulation in Norwegian Aquaculture

Haakon Vennemo, Vista Analyse

When stated cost is higher than willingness to pay

Experimental economics II. Chair: Magnus Aagard Sjeie, UiA

Room G-202

Olga Rud, UiS

Voting on corporate policies: An experiment

Hammad Shaikh, UiS

Identifying the STEM Learning Technology: Evidence from Online Learning

Huafeng Zhang, NMBU

Numeracy skills learning of children in Africa: Are disabled children lagging behind?

Magnus Aagaard Skeie, UiA

Effects of a survey payment instrument on value formation for environmental goods: Experimental evidence from two contingent valuation studies

Macroeconomics III. Chair: Thomas Zoerner, ANB

Room V-208

Elin Halvorsen, SSB

Why are the Wealthiest so Wealthy?

Wanwei He, UiS

The expected returns of ESG excluded stocks. Evidence from the World's largest fund

Erlend Njølstad, Norges Bank

Effect of COVID-19 infection, vaccination and containment measures on household consumption

Thomas Zoerner, Austrian National Bank

Hawks vs. Doves: Monetary Policy Effectiveness in Light of Diverging National Policy Stances

Education economics. Chair: Maximiliaan Thijssen, UiS**Room V-101**

Colin Green, NTNU

How does testing young children influence educational attainment?

Helene Lie Røhr, Kristiania University College

Distressing Testing: A Propensity Score Analysis of High Stakes Exam Failure and Mental Health

Oddbjørn Raaum, Frisch Center

Do funds for more teachers improve student performance?

Maximiliaan Thijssen, UiS

Cross-productivities of Executive Functions

Public Economics I. Chair: Ståle Navrud, NMBU**Room Ø-130**

Erling Holmøy, SSB

To what extent do Norwegians pay for their use of public welfare?

Karin Kinnerud, BI

Dominated pension investments: the role of search frictions and unawareness

Jo Thori Lind, UiO

The inequality of equal mating

Ståle Navrud, NMBU

Is local tourism sustainable? Balancing local tourism development and nonlocal externalities in welfare analysis

Political economy. Chair: Bjarne Strøm, NTNU**Room V-209**

Åshild A Johnsen, OsloMet

Being assigned to a toxic work environment: Consequences for job quits and harassment

Klaus Mittenzwei, Ruralis

On the income effect of being a farmer: Empirical evidence from Norway

Arvid Raknerud, SSB

Innovation outcomes of public R&D support: a new approach to output additionality

Bjarne Strøm, NTNU

Young voters and budget deficits

Contributed Sessions III:

Tuesday 14:30 - 16:10

Economic geography. Chair: Leo Grünfeld, Menon Economics

Room G-101

Nini Barth, OsloMet

Tobin's Q for the housing market

Tom Broekel, UiS

The long-term evolution of technological complexity and its relationship with economic growth

Anders Dugstad, NMBU

Examining Spatial Dimensions in Stated Preference: The Role of Place Attachment

Erlend Eide Bø, SSB

Market rate housing construction in urban neighborhoods

Leo A. Grünfeld, Menon Economics

Rural Tourism Industry Growth: Does Road Distance to Airport Matter?

Macroeconomics IV. Chair: Anders Åkerman, UiS

Room V-208

André Anundsen, OsloMet

How big is your bubble? The impact of land restrictions on the formation and duration of house price bubbles

Markus Karlman, NHH

Down-payment requirements and the consumption response to income shocks: Implications for fiscal and monetary policy

Lorenzo Mori, University of Padova

Commodity Prices and Global Cycles: Does the Source Matter?

Bernt Arne Ødegaard, UiS

Board gender-balancing, network information, and insider trading

Anders Åkerman, UiS

Sweden's COVID-19 Recession: How Foreign and Domestic Infections Struck against Firms and Workers

Environmental economics II. Chair: Orvika Rosnes, Vista Analyse

Room G-201

Cathrine Hagem, SSB

Internalizing negative environmental impact from wind power production: Compensating schemes versus environmental taxes

Torfinn Harding, UiS

Quantifying supply-side climate policies

Snorre Kverndokk, Frisch

Why people oppose trade institutions – On morality, fairness and risky actions

Sharon Nytte, NMBU

Public support for offshore floating wind power projects

Orvika Rosnes, Vista analyse

The road to low emission society: Costs of interacting climate regulations

Labour Economics II. Chair: Trine Engh Vattø, SSB

Room G-202

Fikru Alemayehu, Inland University College

Economic Sustainability of Increased Tourism in Europe: Direct and Indirect Cost Impacts

Sophie Cottet, UiS

Payroll Tax Reductions for Minimum Wage Workers: Relative Labor Cost or Cash Windfall Effects?

Ørjan Robstad, Norges Bank
Immigration and Inequality

Marte Strøm, ISF
Temporary employment and worker welfare - evidence from an employment protection reform

Trine Engh Vattø, SSB
Explaining the converging labor supply responses to financial incentives of married females and males

Health economics. Chair: Henning Øien, UiO

Room V-101

Tore Bersvendsen, Kristiansand Municipality
The health cost effects of home-based reablement: Empirical evidence from Norway

Yulia Dudareva, UiS
The Effect of State Pregnancy Accommodation Laws on Infant Health and Mortality

Øystein Hernæs, Frisch
Effects of child welfare service interventions

Emre Sari, UiT
Multigenerational transmission of mental health: Evidence from the Tromsø Study

Henning Øien, UiO
Quality differences between for-profit and nonprofit nursing homes in quasi-markets

Public economics II. Chair: Katinka Holtmark, UiO

Room Ø-130

Nina Drange, Frisch Center
The effects of a free universal after school program on child academic outcomes

Andreas Eriksen, OsloMet
Loss Aversion in the Norwegian Housing Market

Lasse Fridstrøm, TØI
The Climate Impact of Automobile Pricing, Taxation and Technology

Katinka Holtmark, UiO
The costs of taxation in the presence of inequality

Resource economics. Chair: Mads Wold, Senter for Øk Forskning

Room V-209

Julide Ceren Ahi, UiT
Estimating the socially optimal stock level: Incorporating society's prioritization of ecosystem services

Habtmu Alem, NIBIO
Green Total Factor Productivity contribution to Farm-Level Performance: Evidence from Norwegian Dairy Farms

Mads Greaker, OsloMet
The resource rent in Norwegian aquaculture from 1984 to 2020 – is the rent ripe for taxation?

Øyvind Hoveid, NIBIO
Causal inference with instrumental variables is with few exceptions flawed

Mads Wold, Senter for Økonomisk Forskning
Fishing for Growth: The Effect of Regional Aid on Investment in Fisheries
