

The Norwegian Association for Economists' prize for best paper presented by a PhD student at the Annual meeting.

The Norwegian Association for Economists is proud to award the best paper presented by a PhD student at the Annual Meeting. The award consists of a diploma and a cash prize of NOK 3000. The winner(s) will be presented at the conference dinner.

Eligible PhD students must be a Norwegian citizen or be enrolled at a PhD program at a Norwegian university and cannot have submitted her thesis when presenting.

PhD students who coauthor a paper share the prize.

Papers coauthored with researchers who are not current PhD students, are eligible if they are presented by a PhD student, but only the PhD student(s) can receive the prize. Other things being equal, such papers will be ranked behind those written solely by PhD students.

Authors should indicate their eligibility when submitting their paper to the conference.
